Knowledge Platform

Platform [link](#)

The screenshot shows the Alice Knowledge Platform homepage for the IPIC 2019 conference in London. It features a navigation menu with 'Home' and 'Calendar', a main banner for the conference, and a central grid of four icons: 'Projects', 'PI Companies', 'Funding Opportunities', and 'Basic Documents and Papers'. A blue arrow points from the 'PI Companies' icon to the 'Physical Internet Companies' section of the dashboard below.

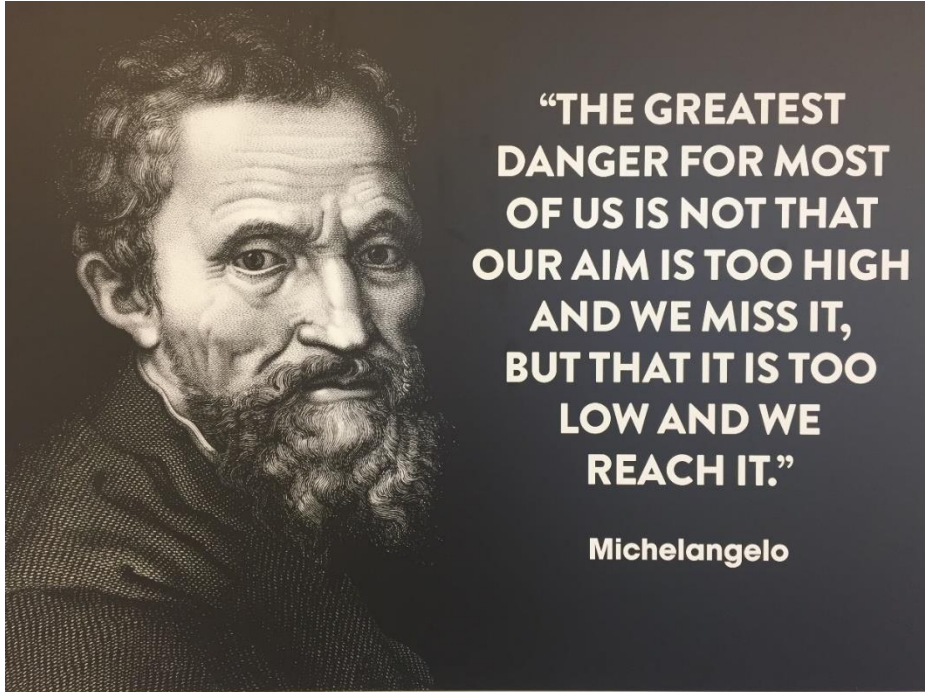

This screenshot shows the 'Physical Internet Companies' section of the dashboard. It includes a search bar and a grid of four company cards: CONUNDRA (Complexity Controlled), AMIA Systems (Visualize-Quantify-Optimize), and ROADIE. A blue arrow points from the 'Projects' icon in the homepage screenshot to the 'Physical Internet Knowledge Platform' dashboard above.

This screenshot shows the 'Projects' section of the dashboard. It features a search bar and a grid of four project cards: 'DOCKSTHEFUTURE', 'nextnet', and 'VITAL NODES'. A blue arrow points from the 'Funding Opportunities' icon in the homepage screenshot to this dashboard.

This screenshot shows the 'Funding Opportunities' section of the dashboard. It features a search bar and a grid of four funding opportunity cards, all related to 'ORIZON 2020' projects. A blue arrow points from the 'Basic Documents and Papers' icon in the homepage screenshot to this dashboard.

Physical Internet

Innovation

*Logistics innovation for a more
competitive and sustainable
industry*

Thank you!

The Best Way To Predict The Future Is To Create It!
